WELCOME TO THE PUSHMATAHA 80

THE PUSHMATAHA 80 IS AN OUTDOOR ENTHUSIAST'S DREAM COME TRUE AND IS LOCATED IN ONE OF THE MOST SOUGHT-AFTER COUNTIES IN OKLAHOMA FOR BIG WHITETAILS. 80± acres of mixed hardwood and pine timber cover the Pushmataha County mountainside property. The vast raw acreage surrounding this tract, plus the difficult terrain, make it one of the few in this area that is on the market and basically untouched in decades. In addition to the deer, a large population of wild game calls this place home, including turkeys, bears, and the occasional elk...yes, I said elk!

MORE ABOUT THE PUSHMATAHA 80

Three modest off-grid cabins are located along the only road, at the highest elevation point for undetected access to the remaining acreage. One of the cabins is 100% solar powered with a solar panel array, lithium battery bank, and converter, all included with the larger of the three cabins. The larger cabin also has a loft, bedroom, kitchenette, window unit a/c, propane cook stove/wall heater, and a porch. The other two cabins have building supplies available so the next owner can add their finishing touches. When you pull up to the gathering of cabins, you immediately get that feel of this being a hunting camp for years and years to come.

Want to know the two best-kept secrets about this great place? It has not been hunted in over 15 years, AND there is an abundance of landscape-quality rocks!! If owning a place that offers total seclusion, income potential, and unlimited hunting opportunities is on your wish list, the Pushmataha 80 is a contender.
