LAND COMPANY

Discover a unique agricultural investment opportunity in Arcadia, FL. A sprawling 215-acre farm with 200± acres fully irrigated, designed for productivity, expansion, and versatility.

Currently, 40± acres are in active production with mature dragon fruit plants ranging from 3 to 7 years old, supported by a microjet and overhead wobbler irrigation system. The remaining 160± acres are primed for crop diversification or expansion of the existing dragon fruit operation, complete with mainlines already in place. Water supply is abundant with 5 wells ranging from 2-inch to 8-inch, supported by an approved water use permit allowing an average of 508,100 gallons per day.

The property includes three residences ideal for owner-operators, managers, or farm employees: a spacious 4,528 sq ft ranch-style home, a 1,698 sq ft wood-frame house, and an 1,824 sq ft mobile home. Additionally, the farm is equipped with essential operational infrastructure, including an 8,000 sq ft packing house featuring a 760 sq ft cooler and a 570 sq ft box storage area with potential to expand cooling capacity, as well as a workshop with an air-conditioned office, bathroom, and shower, which is connected to a 20-stall livestock barn, providing flexibility for livestock operations.

With road frontage on three county-maintained roads, access is convenient for shipping, service providers, or future development. Whether you're looking to expand a specialty crop operation or capitalize on the existing income-producing dragon fruit acreage, this property offers a rare blend of ready-to-operate farmland, infrastructure, and future potential.
