WELCOME TO THE YALOBUSHA 70.1

ATTENTION HUNTERS, OUTDOOR ENTHUSIASTS, AND LONG-TERM LAND INVESTORS! Take advantage of a 70.1± acre cutover tract off County Road 82, less than six miles northeast of Coffeetown in Yalobusha County, Mississippi. The property features gently rolling terrain with young natural regrowth, while a stream management zone with mature timber still standing runs through part of the acreage, providing excellent wildlife cover, natural travel corridors, and added diversity to the landscape. The mix of cutover ground and standing timber creates ideal conditions for deer and turkey hunting, with plenty of room for food plots, trail systems, and stand locations. The streamside timber enhances habitat, offers shaded areas, and adds scenic value for recreational use.

This tract is also well-suited for ATV riding, camping, hiking, or developing a secluded future home or cabin site. Power is already established on the property and is provided by Tallahatchie Valley Electric Power Association. As a cutover property, it offers strong potential for timber investment and land appreciation, allowing a new owner to actively manage regrowth while benefiting from the existing wooded stream buffer. Its size and layout provide privacy and flexibility for a wide range of uses.
